# Mission Support Contracting CoP

## What Is It?

The Mission Support Contracting (MSC) CoP is a repository of topic and mission areas within the procurement processes. These topic and mission areas are supported with policy, training resources, news sources, and links.

## Who Should Use It?

YOU—public and private team members who are involved in the procurement process. The site facilitates faster, better informed business decisions by providing resources, learning assets, and information.

## Why Use It?

- Leverages and facilitates the capture and re-use of existing knowledge assets and resources within the Federal Government
- Aligns and supports the most current legislative and policy requirements
- Available 24/7 and provides quick access to the latest policy and guidance information
- Integrates knowledge from most departments and agencies
- Offers senior leadership involvement and support
- Facilitates the rapid identification of individuals with specific knowledge or skills

**To View an Entire List of Process & Mission Areas, Select the Process & Mission Areas Icon.**
